

## International Signature Series

*Signature*  
designed by  
© C.C. Christopher C. Deam  
*Series*

From award-winning architect and designer Christopher C. Deam comes the Signature Series CCD. Inspired by the desire to visually echo the reflective exterior, its interior design combines polished aluminum with luxurious Macassar Ebony laminate.

With nine floor plans to choose from, the Signature Series CCD offers the discriminating consumer a wide array of choices for a wide array of destinations. Whether you're taking a road trip to Palm Springs or creating a unique backyard guest house, the Signature Series makes a statement.

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in Canada.

**Vehicle Loading** – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle.

**Dry Weights** - based on standard features; optional equipment not included. Net Carrying Capacity (NCC) is determined by subtracting Unit Base Weight (UBW) from the Gross Vehicle Weight Rating (GVWR), and is the capacity available for water, options and cargo. Liquid capacities and weights are approximations only.

**Warning** – This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing, and towing instructions.
